Citrus 4 THANKS FOR READING CITRUS VOLUME 4!!

It's volume 4 with our experimental first drama CD! ✧✧

I'm very happy that our beloved Citrus has made it this far. I've started to realize lately that it's everyone's support that allows me to continue writing this story. When I think about it, I become happy and sad along with Yuzu and friends as they grow.

These two are finally dating, and now it feels like things are really getting started. I hope you will continue to watch over them.

I'LL FORGIVE YOU IF YOU HOLD HANDS WITH YUZU WHILE YOU WALK BACK.

?

Is this because I made a huge offering at the matchmaking shrine? The marriage god really is a deity.
